Germinator Quiz

Circle all of the correct answers

1. Soapy is a:

- a. Bar of soap
- b. A Germinator
- c. A really cool soap person

Soapy is a bar of soap. That is why he knows so much about clean hands. He is also a Germinator because he helps to remove most of the bacteria from hands. And, well, some people think he is a really cool soap person.

2. Which diseases can you catch from dirty hands?

- a. Colds and Flu
- b. Hepatitis
- c. Salmonella
- d. Pneumonia

You can catch all of these diseases from dirty hands.

3. Wash your hands for:

- a. 3 seconds
- b. 15 seconds
- c. 5 minutes

Wash for 15 seconds. 15 seconds is about the amount of time it takes to sing one chorus of "Happy Birthday"

4. After you have rinsed your hands:

- a. wipe them on your clothes
- b. dry them with a clean or disposable paper towel
- c. shake them until they are dry

The best way to prevent spreading germs is to wipe your hands on a clean or disposable paper towel.

5. You should wash your hands:

- a. Before you eat
- b. After using the bathroom
- c. After playing with pets

All of these answers are correct. Can you think of some other times when you should wash your hands? After handling money. After coughing or sneezing. After you blow your nose.

"Prevent illness by keeping your hands clean"
